Model: RMC1

Remote Control

View Product Online

Features

- Quick & Easy to use
- Compatible with all Beetronics monitors
- Control your screen from up to 16 feet away
- Uses two AAA batteries (not included)

The RMC1 remote control is compatible with all Beetronics monitors and touchscreens. The remote requires no configuring when used with Beetronics screens. It allows you to quickly navigate the various menus, like languages, picture settings etc. Dedicated buttons allow you to directly control volume, brightness and navigate the channels. It's the easiest way to configure any Beetronics monitor up to 16 feet away. The RMC1 takes two AAA batteries.
